

COURSE SYLLABUS

Instructor/Course/Spatial Information:

Instructor: Prof. Suresh Paul
 Term: Fall 2026
 Course ID: BAN 341
 Course name: Principles of Management Information Systems
 Course section: S01
 Class Room: Kamm Hall 129
 Class Time: Tue/Thurs 9:30AM—10:45AM
 Office Room: Kamm Hall 129, Zoom
 Office Hours: by appointment.
 Email: spaul@bw.edu
 Email subject line: BAN 341 S01
 Final Presentation*: **December 10, Thursday (8:00am—11:00am)**
 IT Requirement**: *Windows Laptop, Frontier AI paid subscription*

* tentative, subject to change, https://www.bw.edu/one-stop/registration/_files/2026-27-final-exam-schedule.pdf

**highly encouraged

Course Description

BAN 341 meets the Social Science Perspectives requirement for the BW Core and addresses the following Undergraduate Learning Outcomes:

- Demonstrate a historical and global understanding of human societies, institutions, and behaviors.
- Use appropriate, relevant, and compelling content to illustrate mastery of the subject.
- Quantitative Literacy

Catalog Description: This course explores the fundamentals of information systems in business: Integration of information technology, ecommerce, systems analysis, database management systems, networking, security, and collaboration. Application of concepts through developing solutions to business problems using spreadsheets, database management systems, tools and language.

Course Goals

BAN 341 provides an introduction to vital information system concepts, information technology, and the influence and importance of these systems in today's business environment.

1. Identify and define the key components of the information system.
2. Understand IS systems, architecture, failures, and regulation using case studies.
3. Examine data concepts using MS Excel and SQL programming.
4. Evaluate and explain the impact of an information system on corporate operations through case studies.

Course Requirements

Your course grade will be based on exams, assignments, quizzes, and class exercises.

Grade Distribution:

Table 1: Grade Distribution

Quizzes and Exams	40%
Case Presentation	30%
Assignments	20%
Class participation	10%

Note: Under no circumstances will I give you a passing grade in this class only because you might need such a grade. All exams should be taken as scheduled. If you cannot take the exams as scheduled, make up exams will only be given for **approved absences** and **must be taken within 2 days of the scheduled exam date**. For all other absences, a zero score will be given.

ASSIGNMENTS: All assignments will be given via *Canvas*. Homework will help reinforce classroom learning objectives and provide students with the opportunity to practice newly learned skills. Homework will be assigned on a regular basis.

QUIZZES AND EXAMS: There will be one mid-term quiz and one final exam. All quizzes/exams should be taken as scheduled. If you are unable to take the exams as scheduled, make up exams will only be given for **approved absences** and **must be taken within 2 days of the scheduled exam date**. For all other absences, a zero score will be given.

ATTENDANCE AND CLASS PARTICIPATION: Attendance is mandatory and essential for success in this course. You must be prepared to participate in the class. In case, you are absent, you are responsible for all the lecture material and announcements made in classes. The class sessions will be recorded and be available in Canvas. You should make efforts to come to every class unless you have a medically-certified illness, death in the family, or University-sponsored activity. In that case, please contact me before the class, or within 24 hours in the case of unexpected emergency, with appropriate supporting documentation.

AI USE: This course has a **restricted AI use policy**. Students may use AI as a learning aid to augment their understanding of lecture materials and during the topics that directly pertaining to artificial intelligence systems. However, the use of AI for report writing, homework assignments, and project work is prohibited. Any AI detected submission will receive a zero score.

Grading

All grades will appear on Canvas. The final distribution of grades may be adjusted to reflect an appropriate distribution.

Letter Grade	Percentage	Letter Grade	Percentage
A+	97-	C+	77
A	93	C	73
A-	90	C-	70
B+	87	D+	67
B	83	D	63
B-	80	D-	60

Course Structure and Policies

1. **LECTURE HANDOUTS:** These handouts will be posted on Canvas. Only a BW-approved laptop or tablet is allowed in class to follow the presentation slides. Class lectures will be recorded. Also, take additional notes where necessary. The presentation slides, though illustrative, are meant to be an additional study tool, not a substitute for attending class or for what I say or explain. *Note:* You must follow the etiquette when using your electronic device in the classroom, and refrain from emailing, messaging, etc.
2. Information on **ACADEMIC INTEGRITY** and **ACCESSIBLE EDUCATION** is available in Canvas (see *BW Resources* → *Academic Affairs*).
3. **CENTER FOR ACADEMIC SUCCESS AND ACHIEVEMENT:** The Center for Academic Success and Achievement provides a host of **FREE** programs and services for undergraduate students, including: Academic Coaching and Tutoring (drop-in, individual, and online). Tutoring is available for most undergraduate courses. For more information, see *BW Resources* → *Academic Affairs*.
4. **CLASSROOM CONDUCT AND ATTENDANCE:** You are expected to turn off all electronic devices before the class. Laptops and tablets (approved devices by the university) are allowed if they are used solely for course-related purposes and without distracting others; otherwise, they are not allowed. Come to class on time and if you need to leave early, tell me, sit near the door, and exit quietly.

5. EMAIL POLICY: Email and Canvas announcement boards will be the primary modes of communication outside the classroom. All impersonal information will be posted on Canvas. Anything personal will be sent to your BW email, so make sure to check it regularly. Allow two business days for me to respond to your emails. To ensure that I do not miss your email, always mention the course number (“**BAN 341 S01**”) in the subject of your email during correspondence.
6. INSTRUCTOR ABSENCE: In case a class session needs to be cancelled, such an announcement will be posted on the Canvas as soon as possible.

Tentative Course Outline

NOTE: Any changes in the schedule will be posted on the Canvas.

Topic	Title
1	Introduction to MIS
2	Case Studies in Information Systems
3	SQL Basics
4	Version Control Systems
5	Ethics and Information Systems
